💻 www.jasurjon.uz   ✈ jasurjontoshtemirov

I am a young specialist interested in web programming, deeply studying the basics of Frontend and Backend. I have experience working with Real. I focus on code quality, user interface, and teamwork. I strive to learn and apply new technologies in practice.

EXPERIENCE

From 2023 to now
Samarkand Bulungur **IT Center**

Frontend Developer and Mentor

- Develop and maintain responsive web applications using modern frontend technologies (HTML, CSS, JavaScript, React,. ...).
- Deliver clear, structured coding lessons to beginner and intermediate students, both individually and in groups.
- Mentor young developers by simplifying complex concepts and guiding them through real-life coding projects.
- Collaborate with team members to build interactive UI components and improve user experience.
- Encourage best coding practices such as clean code, Git version control, and modular architecture.

2024 – 2025-year
Samarkand Bulungur **Future Program &;** company

Fullstack developer and **Project Manager**

- I led the development of full-stack web applications using modern frontend frameworks such as JavaScript, Node.js, and React
- I managed project timelines, team accountability, and client communications to ensure successful and on-time delivery.
- I provided clients with integrated third-party APIs and backend services implemented using Firebase and Express.js.
- I collaborated with cross-functional teams, ensured version control with Git, and ensured a clean, scalable code architecture, and worked well with the developers under my command.

EDUCATION

2021 - 2022 | IT Center Bulungur
Frontend Web Development (Certificate Program)

Studied HTML, CSS, JavaScript, Git, responsive web design. Built hands-on projects and assisted in teaching junior students

2023 – 2025 Mohirdev, Fulfil edu)
Fullstack Web Development & Backend

Focused on JavaScript ES6+, React, Node.js, Firebase, and project-based learning. Maintained notes, created small apps, and documented progress.

SKILLS

- HTML5 / CSS3 / Responsive Design
- JavaScript (ES6+), TypeScript
- React.js (component-based architecture)
- Node.js & Express (basic concepts)
- Firebase (Authentication, Firestore)
- Git & GitHub (version control)
- RESTful APIs
- Figma (UI prototyping)
- VS Code, Linux terminal basics

LANGUAGES

- English B2
- Russian (basic)
- Uzbek (Fluent)
